## Features of class teacher panel for (9-12)

The class teachers panel for 9th ,10th, 11th& 12th will contain the same features as discussed in the previous article except two features.

### Manage Subjects-

Since the higher classes have elective/optional subject so there is high chance that a student or more might choose different subjects. So in order to allot the subjects the teachers needs to update the subject for each student.

This can be done Either by selecting the subjects one by one and updating it for the student or by selecting the same subjects for all the students at once if all have the same set of subjects. The mass selection can be done by clicking the box given above the name of the subject.

After selecting the subjects for students the class teacher needs to click update subjects for the selected students.
