# Features of class teacher panel for (9-12)

The class teachers panel for 9th ,10th, 11th& 12th will contain the same features as discussed in the previous article except two features.

#### Manage Subjects-

Since the higher classes have elective/optional subject so there is high chance that a student or more might choose different subjects. So in order to allot the subjects the teachers needs to update the subject for each student.

This can be done Either by selecting the subjects one by one and updating it for the student or by selecting the same subjects for all the students at once if all have the same set of subjects. The mass selection can be done by clicking the box given above the name of the subject.

After selecting the subjects for students the class teacher needs to click update subjects for the selected students.

# Update Subjects for Selected Students

After updating the subjects for the selected students the tick mark will be displayed all the time on the selected subjects for the students in front of their name. In case of any changes simply remove the tick mark by clicking on it again.

**Note-** The class teachers of higher class needs to manage subjects first because then only the students will be visible to the subject teachers of that class.

**Note-** The predefined subjects are based on the feedback. If at all any subject is not present which is applicable at your school, then the respective authority can contact us and we will add the new subject.

#### MANAGE STREAMS(APPLICABLE FOR CLASS 11TH AND 12TH)-
