

Student Management

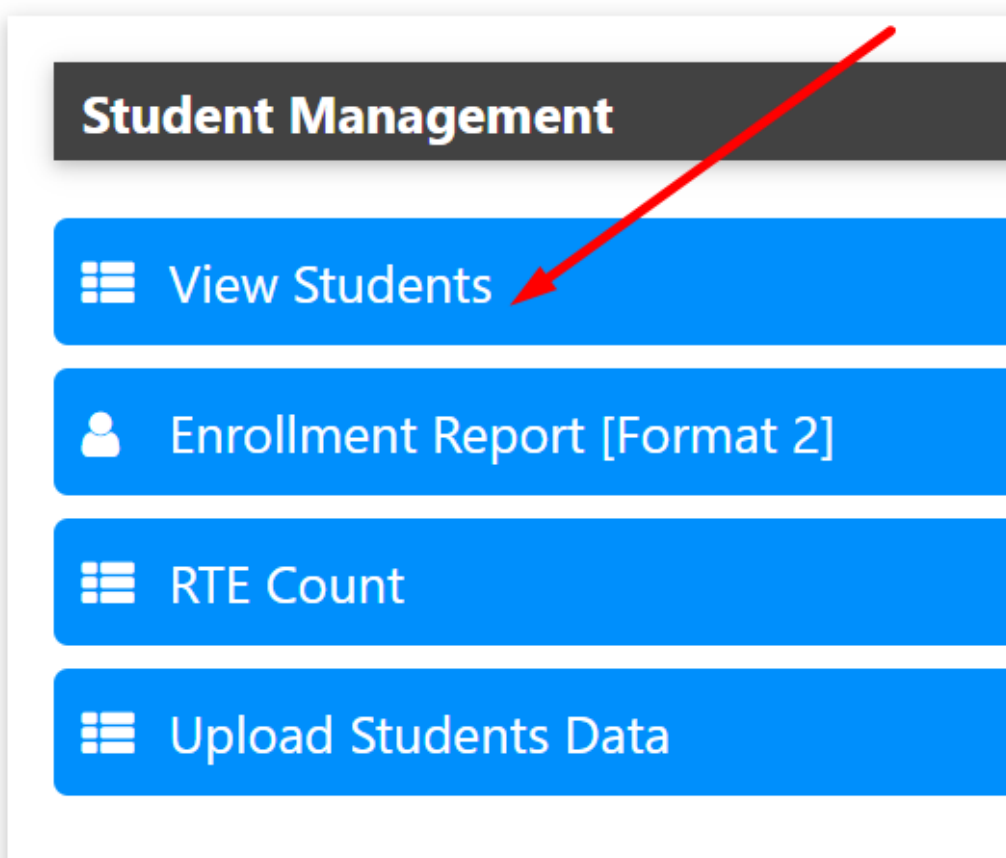

Change Section of a Student

Before changing section of a student, the following points must be noted.

1. If any entry of marks, attendance or co-scholastics has been made for that student, the same will be deleted and should be entered again after shifting the student.
2. A summary of all such entries will be displayed before the deletion. It is the responsibility of the person executing the shifting to save the page and get the entries done again after shifting.

The Process

In the KV Dashboard, Go to "View Students"

Set filters to get the student listed

Student Management

Class 11 ▾ Section A ▾ Gender GIRL ▾ Category ALL ▾
