The student list shows all the students in your class. It contains all the personal details of the students.

Edit

The pencil button can be used to edit the details of any student and update it.

Class Teacher Panel

The status button can be turned on/off. Once this button is turned off the particular student will not be seen in any record except for the class teacher. Suppose a student has taken TC and has left the school, the class teacher can turn off the status of that particular student so that it's record is not shown anywhere like marks entry, report card etc. This can be considered as deleting the student but it will be always available in class teacher's record.

The class teacher also has the right to stop the online publication of result for a particular student. once the button is turned off the result will be prepared it will be shown in report card but it won't be visible to parents in their portal.

Roll Number-

The roll number can be updated by the class teachers. The default roll number will be 0 for all the students, after that the Class teacher needs to update the roll number accordingly.
